HOPE SCHOLARSHIP AND LIFETIME LEARNING TAX CREDITS

The U.S. Congress established federal tax credits for qualified college tuition and related expenses under the Taxpayer Relief Act of 1997. Information about the Hope and Lifetime Learning tax credits as well as other education related tax credits can be found at <http://www.hawaii.edu/1098T> or by contacting your tax advisor.

All students, except non-resident aliens, enrolled at a UH campus during 2009 will receive a 1098-T tax form. This form will reflect amounts billed (not paid) for qualified tuition and related expenses and amounts paid for scholarship and grants during the 2008 calendar year.

The form will be mailed to your permanent address by January 31, 2009, as required by the Internal Revenue Service (IRS). To ensure receipt of this important tax document, please verify that your permanent address is correct and up-to-date.

You cannot change your permanent address online. If your permanent address has changed, please notify the Admissions and Records Office by either one of the following methods:

- By mail: Download the Student Record Update form at www.uhwo.hawaii.edu/forms and mail your updated permanent address the UHWO Student Services Office at 96-129 Ala Ike, Pearl City, HI 96782.
- In person: Request and complete the appropriate change form from at any UH campus Admissions and Records Office.

Note: You must provide your social security number to the University. The Taxpayer Relief Act of 1997 requires the University to collect and use students' social security numbers or ITINs to report qualified tuition and related expenses billed to students and scholarship and grant payments made to students to the IRS each year.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Federal Family Educational Rights and Privacy Act affords students certain rights regarding their educational records. They include:

- the right to inspect / review student's education records.
- the right to seek to amend educational records.
- the right to have some control over the disclosure of information contained in their educational records.
- the right to file a complaint with the US Department of Education regarding alleged violations of their rights.

Existing regulations permit the University to release without prior consent certain personal data about a student that is considered to be "directory information." Such information includes a student's:

- 1) name of student
- 2) address and phone number
- 3) major field of study
- 4) fact of participation in school activities
- 5) dates of attendance
- 6) most recent educational institution attended
- 7) degrees and awards received
- 8) educational level

Students have the right to request that all of the above information **not** be designated "directory information" and therefore, not subject to disclosure.

If you wish to keep your information confidential, you may submit a Directory Information Release form at the Student Services Office. The form is also available online at www.uhwo.hawaii.edu/forms. All requests must be submitted no later than 14 calendar days from the first day of instruction.

Be aware that if you wish to keep your information confidential, and if a third party requests to verify your enrollment or degree, we will not be able to release that information unless we have a signed release form from you.
